

Spring Break Camp Update

Dear Families,

I'm writing to you this afternoon because you have registered your child for Park School's Spring Break Camp 2020.

I have made the determination today that, while we intend to run a camp program over the course of our spring break, we will not take children off campus for any activities due to concerns associated with the spread of COVID-19. Instead, our campers will spend their days here at Park engaging in supervised, structured activities and playtime that our professional staff has designed. Weather-permitting, we intend to make full use of our beautiful campus.

We understand that this is a significant shift from the programming that had originally been planned. *We thank you for your understanding.*

Please take a moment to confirm that you are still sending your child to Spring Break Camp. In the event that you cancel your child's enrollment, you will be issued a full refund. Reply to this email to confirm or cancel; you will be put in contact with Kara Leonard.

If the situation in our region changes and we have to take additional steps (e.g. closing campus) to keep our families and employees safe, we will be back in touch as soon as possible.

Sincerely,

Dan Paradis
Head of School
